## **Operation**, Parts

# Cordless HandHeld Airless Sprayers

#### **Important Safety Instructions**

Read all warnings and instructions in this manual, on the unit, and in the battery and charger manual. Be familiar with the controls and the proper usage of the equipment. Save these instructions.

#### 

#### FIRE AND EXPLOSION HAZARD

Use only non-flammable or water-based materials, or non-flammable paint thinners. Do not use materials having flash points below 100°F (38°C). This includes, but is not limited to, acetone, xylene, toluene, and naphtha. For more information about your material, request Safety Data Sheet (SDS) from the supplier.

Use oil-based materials outdoors or in a well-ventilated indoor area with a flow of fresh air.

Spraying certain materials may cause static build-up in the sprayer that can result in static shock to the user. If this occurs, the material likely contains a flammable solvent that can build up static and result in a fire or explosion. Switch to an alternative material.

For portable spray applications of water-based and oil-based non-flammable architectural paints and coatings only. Not approved for use in explosive atmospheres or hazardous locations.

#### PROVEN QUALITY. LEADING TECHNOLOGY.

17N518				

Operating pressure range: 500 - 2000 psi (35 - 138 bar, 3.5 MPa - 14 MPa)

#### Important User Information

#### **Important User Information**

#### Thank You for Your Purchase!

Before using your sprayer read this Owners Manual for complete instructions on proper use and safety warnings.

Congratulations! You have purchased a high-quality paint sprayer made by Graco Inc. This sprayer is designed to provide superior spray performance with water-based and oil-based (mineral spirit-type) architectural paints and coatings. This user information is intended to help you understand the types of materials that can be used with your sprayer.

Please read the information on the material container label to determine if it can be used with your sprayer. Ask for a Safety Data Sheet (SDS) from your supplier. The container label and SDS will explain the contents of the material and the specific precautions related to it.

Paints, coatings and clean-up materials generally fit into one of the following **3 basic categories:** 

**WATER-BASED:** The container label should indicate that the material can be cleaned up with soap and water. Your sprayer is compatible with this type of material. Your sprayer is **NOT** compatible with harsh cleaners such as chlorine bleach.

*OIL-BASED:* The container label should indicate that the material is COMBUSTIBLE and can be cleaned up with mineral spirits or non-flammable paint thinner. The SDS must indicate that the flash point of the material is above 100°F (38°C). Your sprayer is compatible with this type of material. Use oil-based material outdoors or in a well-ventilated indoor area with a flow of fresh air. See the safety warnings in this manual.

**FLAMMABLE:** This type of material contains flammable solvents such as xylene, toluene, naphtha, MEK, lacquer thinner, acetone, denatured alcohol, and turpentine. The container label should indicate that this material is FLAMMABLE. This type of material is **NOT** compatible with your sprayer and **CANNOT** be used.

Warnings

#### Warnings

The following warnings are for the setup, use, maintenance, and repair of this equipment. The exclamation point symbol alerts you to a general warning and the hazard symbols refer to procedure-specific risks. When these symbols appear in the body of this manual or on warning labels, refer back to these Warnings. Product-specific hazard symbols and warnings not covered in this section may appear throughout the body of this manual where applicable.

Δ	FIRE AND EXPLOSION HAZARD
	Flammable fumes, such as solvent and paint fumes, in work area can ignite or explode. To help prevent fire and explosion:
	<ul> <li>Sprayer generates sparks. Do not spray or flush with flammable materials.</li> </ul>
	<ul> <li>Do not spray or clean with materials having flash points lower than 100°F (38°C).</li> </ul>
	<ul> <li>Use only non-flammable or water-based materials, or non-flammable paint thinners. For complete information about your material, request the Safety Data Sheet (SDS) from the material distributor or retailer.</li> </ul>
	• Keep spray area well-ventilated. Keep a good supply of fresh air moving through the area.
	<ul> <li>When spraying oil-based material, use outdoors or in a well-ventilated indoor area with a flow of fresh air.</li> </ul>
B	<ul> <li>Do not spray combustible materials near an open flame or sources of ignition such as cigarettes, motors, and electrical equipment.</li> </ul>
	<ul> <li>Paint or solvent flowing through the equipment is able to result in static electricity. Static electricity creates a risk of fire or explosion in the presence of paint or solvent fumes.</li> </ul>
	<ul> <li>Keep sprayer at least 10 in. (25 cm) away from objects while spraying or flushing.</li> </ul>
	<ul> <li>Do not use a paint or a solvent containing halogenated hydrocarbons.</li> </ul>
	• Verify that all containers and collection systems are grounded to prevent static discharge.
	<ul> <li>Do not smoke in the spray area or spray where sparks or flame is present.</li> </ul>
	<ul> <li>Do not operate light switches, engines, or similar spark producing products in the spray area.</li> </ul>
	<ul> <li>Keep area clean and free of paint or solvent containers, rags, and other flammable materials.</li> </ul>
	<ul> <li>Know the contents of the paints and solvents being sprayed. Read all Safety Data Sheet (SDS) and container labels provided with the paints and solvents. Follow the paint and solvents manufacturer's safety instructions.</li> </ul>
	<ul> <li>Fire extinguisher equipment shall be present and working.</li> </ul>

	SKIN INJECTION HAZARD
	High-pressure spray is able to inject toxins into the body and cause serious bodily injury. In the event that injection occurs, get immediate surgical treatment.
	<ul> <li>Do not aim the gun at, or spray any person or animal.</li> </ul>
	<ul> <li>Keep hands and other body parts away from the discharge. For example, do not try to stop leaks with any part of the body.</li> </ul>
	<ul> <li>Always use the spray tip guard. Do not spray without spray tip guard in place.</li> </ul>
MPa/bar/PSI	Use Graco spray tips.
	<ul> <li>Use caution when cleaning and changing spray tips. In the case where the spray tip clogs while spraying, follow the <b>Pressure Relief Procedure</b> for turning off the unit and relieving the pressure before removing the spray tip to clean.</li> </ul>
	<ul> <li>Do not leave the equipment energized or under pressure while unattended. Remove battery and follow the <b>Pressure Relief Procedure</b> when the equipment is unattended or not in use, and before servicing, cleaning, or removing parts.</li> </ul>
	<ul> <li>Check parts for signs of damage. Replace any damaged parts.</li> </ul>
	<ul> <li>This system is capable of producing 2000 psi (138 bar, 14 MPa). Use Graco replacement parts or accessories that are rated a minimum of 2000 psi (138 bar, 14 MPa).</li> </ul>
	Verify that all connections are secure before operating the unit.
	<ul> <li>Know how to stop the unit and bleed pressure quickly. Be thoroughly familiar with the controls.</li> </ul>
	EQUIPMENT MISUSE HAZARD
	Misuse can cause death or serious injury.
	<ul> <li>Always wear appropriate gloves, eye protection, and a respirator or mask when painting.</li> </ul>
	<ul> <li>Do not operate or spray near children. Keep children away from equipment at all times.</li> </ul>
NPa/bar/PSI	<ul> <li>Do not overreach or stand on an unstable support. Keep effective footing and balance at all times.</li> </ul>
	<ul> <li>Stay alert and watch what you are doing.</li> </ul>
	<ul> <li>Do not operate the unit when fatigued or under the influence of drugs or alcohol.</li> </ul>
	<ul> <li>Do not alter or modify equipment. Alterations or modifications may void agency approvals and create safety hazards.</li> </ul>
	<ul> <li>Use only in dry locations. Do not expose to water or rain.</li> </ul>
	Use in well-lit areas.
	Make sure all equipment is rated and approved for the environment in which you are using it.
	BATTERY AND CHARGER COMPATIBILITY HAZARD
	<ul> <li>Only use DEWALT brand 20V Max batteries and battery chargers with this tool.</li> </ul>
	READ ALL INSTRUCTIONS included with this tool regarding the safety and usage of
	DEWALT batteries and battery chargers.
	PRESSURIZED ALUMINUM PARTS HAZARD
	Use of fluids that are incompatible with aluminum in pressurized equipment can cause serious chemical reaction and equipment rupture. Failure to follow this warning can result in death, serious injury, or property damage.
	<ul> <li>Do not use 1,1,1-trichloroethane, methylene chloride, other halogenated hydrocarbon solvents or fluids containing such solvents.</li> </ul>
	<ul> <li>Do not use chlorine bleach.</li> </ul>
	<ul> <li>Many other fluids may contain chemicals that can react with aluminum. Contact your</li> </ul>
	material supplier for compatibility.

## Warnings

	TOXIC FLUID OR FUMES HAZARD			
	Toxic fluids or fumes can cause serious injury or death if splashed in the eyes or on skin, inhaled, or swallowed.			
	• Read Safety Data Sheets (SDSs) to know the specific hazards of the fluids you are using.			
	<ul> <li>Store hazardous fluid in approved containers, and dispose of it according to applicable guidelines.</li> </ul>			
	PERSONAL PROTECTIVE EQUIPMENT			
	Wear appropriate protective equipment when in the work area to help prevent serious injury, including eye injury, hearing loss, inhalation of toxic fumes, and burns. This protective equipment includes but is not limited to:			
	<ul> <li>Protective eye-wear, and hearing protection.</li> </ul>			
	<ul> <li>Respirators, protective clothing, and gloves as recommended by the fluid and solvent manufacturer.</li> </ul>			
	CALIFORNIA PROPOSITION 65			
	This product contains a chemical known to the State of California to cause cancer, birth defects or other reproductive harm. Wash hands after handling.

### Graco Limited Warranty

#### **Graco Limited Warranty**

Graco warrants all equipment referenced in this document which is manufactured by Graco and bearing its name to be free from defects in material and workmanship on the date of sale to the original purchaser for use. With the exception of any special, extended, or limited warranty published by Graco, Graco will, for a period of twelve months from the date of sale, repair or replace any part of the equipment determined by Graco to be defective. This warranty applies only when the equipment is installed, operated and maintained in accordance with Graco's written recommendations.

This warranty does not cover, and Graco shall not be liable for general wear and tear, or any malfunction, damage or wear caused by faulty installation, misapplication, abrasion, corrosion, inadequate or improper maintenance, negligence, accident, tampering, or substitution of non-Graco component parts. Nor shall Graco be liable for malfunction, damage or wear caused by the incompatibility of Graco equipment with structures, accessories, equipment or materials not supplied by Graco, or the improper design, manufacture, installation, operation or maintenance of structures, accessories, equipment or materials not supplied by Graco.

This warranty is conditioned upon the prepaid return of the equipment claimed to be defective to an authorized Graco distributor for verification of the claimed defect. If the claimed defect is verified, Graco will repair or replace free of charge any defective parts. The equipment will be returned to the original purchaser transportation prepaid. If inspection of the equipment does not disclose any defect in material or workmanship, repairs will be made at a reasonable charge, which charges may include the costs of parts, labor, and transportation.

#### THIS WARRANTY IS EXCLUSIVE, AND IS IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTY OF MERCHANTABILITY OR WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

Graco's sole obligation and buyer's sole remedy for any breach of warranty shall be as set forth above. The buyer agrees that no other remedy (including, but not limited to, incidental or consequential damages for lost profits, lost sales, injury to person or property, or any other incidental or consequential loss) shall be available. Any action for breach of warranty must be brought within two (2) years of the date of sale.

#### GRACO MAKES NO WARRANTY, AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, IN CONNECTION WITH ACCESSORIES, EQUIPMENT, MATERIALS OR COMPONENTS SOLD BUT NOT MANUFACTURED BY GRACO. These items sold, but not manufactured by Graco (such as electric motors, switches, hose, etc.), are subject to the warranty, if any, of their manufacturer. Graco will provide purchaser with

reasonable assistance in making any claim for breach of these warranties. In no event will Graco be liable for indirect, incidental, special or consequential damages resulting from Graco supplying equipment bereunder, or the furnishing, performance, or use of any products or other

In no event will Graco be liable for indirect, incidental, special or consequential damages resulting from Graco supplying equipment hereunder, or the furnishing, performance, or use of any products or other goods sold hereto, whether due to a breach of contract, breach of warranty, the negligence of Graco, or otherwise.

#### FOR GRACO CANADA CUSTOMERS

The Parties acknowledge that they have required that the present document, as well as all documents, notices and legal proceedings entered into, given or instituted pursuant hereto or relating directly or indirectly hereto, be drawn up in English. Les parties reconnaissent avoir convenu que la rédaction du présente document sera en Anglais, ainsi que tous documents, avis et procédures judiciaires exécutés, donnés ou intentés, à la suite de ou en rapport, directement ou indirectement, avec les procédures concernées.
