### TOUGH & STURDY

The GOR6PS Heavy Duty Poly Cart saves time and effort on projects and is easier to haul and unload than traditional wheelbarrow options. The rugged steel frame, 4-wheeled stability, high impact poly bed, and 13" pneumatic tires make the GOR6PS able to tackle the toughest landscaping or garden projects

### TOWABLE HANDLE

Easy grip handle minimizes hand discomfort while the pin-lock mechanism allows the handle to be converted to pull behind an ATV or lawnmower

### PIVOT STEERING

The tight-turn steering is made possible by Gorilla Carts® quick-turn technology, pivoting on a center axis. The pass through design of the front and rear axles allow for maximum ground clearance and easy hauling on uneven terrain
