

Metallic Electric Fireplaces With Multi-Color LED Displays

FIREPLACE FEATURES

- Offered in 36" and 42" displays
- Modern metallic frames available in bronze or steel
- Enchanting log or crystal displays
- Color-changing LED effects with customizable settings
- Automatic thermal safety switch
- CSA certified

Treat yourself to a stunning display of fire and colorful light with a metallic electric fireplace by Cambridge. The color changing flames will light up the room in an instant, creating a warm setting in your home. Sleek, metallic frames add a modern touch to the fireplace as well as any room it's placed in. Whether it's displayed on the wall, or left freestanding using the stand provided, this fireplace is truly a work of art paired with convenience and function.

Enjoy customizing your very own light show at home! There are three separate light sources that can cycle through colors at the touch of a button. You can set it to display your favorite color or transition through all colors continuously. Adjustable brightness settings are the most convenient as you go from day to night. Simply pick up the remote control provided and choose your most comfortable setting.
