

3M™ Professional Faceshield

Help protect your face without sacrificing comfort

Know your risks. Put safety on your list. That means choosing the right eye and face protection before the project begins. 3M Professional Faceshields are engineered to be comfortable, convenient, and functional to help keep professionals and DIYers safe and confident.

3M Professional Faceshields provide comprehensive eye and face protection in even the most demanding work environments. The polycarbonate window maximizes strength and durability, while the pin-lock system allows for easy adjustments and provides a secure, custom fit. With 3M Professional Faceshields, we've got you covered, so you can focus on getting the job done right.

3M highly recommends wearing eye protection when wearing headgear and faceshields.
