## Dehumidifier Rod

- Provides maintenance-free solutions for humidity control in gun safes, closets and small enclosures.
- Prevents rust and corrosion.
- Easy to use, just plug it in.
- 10 watts coverage is approximately 200 cubic feet.
- Can be used horizontally or vertically.

Mounting brackets included.

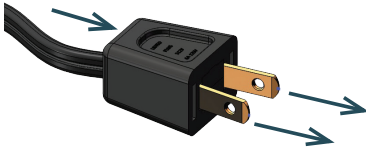

Also available in 12-inch and 24-inch sizes.

- Optimal mounting location is horizontally near the floor of the safe or closet.
- Use indoors only.
- Do not touch rod after plugging it in.
- Plug may be removed to help install the cord through narrow holes or openings.
