

Today's Heavy Tile Requires a Premium Mortar

Select Natural Stone & Large Tile Premium Mortar

A premium quality, polymer-modified mortar for any size natural stone or large format ceramic or porcelain tile 15" (38 cm) or larger on one or more sides, clay pavers or other thin or medium bed applications. With a non-slumping formula that reduces the chance for lippage and promotes level tile installations, CUSTOM's Natural Stone & Large Tile Mortar can be applied for horizontal applications as thick as 3/4" (19 mm) or for thin bed applications to 1/4" (6 mm).

- High bond strength
- Supports large and heavy tile for flat, even floor installations
- Sag and slip resistant - immediately holds wall tiles in place

This product was formerly named Marble, Granite & Travertine Premium Mortar.

Use this mortar to qualify for CUSTOM's Lifetime System Warranty when you install it with a qualifying surface preparation product and grout. See website for details,

Natural Stone & Large Tile Premium Large Format Tile Mortar

- Large format tile is any tile with one or more sides 15" or larger
- Most floor tile installed today is large format tile
- Natural Stone & Large Tile Mortar does not shrink as it cures eliminating lippage for smooth tile installations
- Great shear bond strength for a general purpose mortar, exceeds ANSI A118.4
