PRODUCT NAME: 2 1/2" X 8" 'The EDGE™' 20 Gauge Steel Stud Equivalent

USAGE GUIDE:

Made in the USA using high-strength galvanized steel, its triangular edge provides greater flexural strength and stiffness which allows to you achieve greater wall heights in your installation

Our patented, safe, triangular edge, which removes sharp edges along the length of the stud, reduces the chance of injuries during installation.

Some of the most common applications of the 2 1/2" X 8" 'The EDGE™' 20 Gauge Steel Stud Equivalent include:

- Interior Framing
- Ceilings support
- Soffits

2 1/2" 'The EDGE™' 20 Gauge Steel Stud Equivalent is available in standard lengths of 8ft and 10ft
