

Boyd Responda Flex

Air Flow Gel™ Memory Foam

5105

10" Total Mattress Height

2" Cooling Air Flow Gel™ Memory Foam

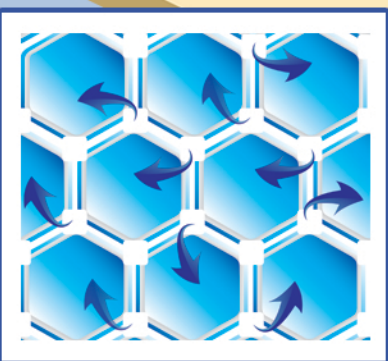

Air Flow Gel™ contains larger self-ventilating openings throughout the cell structure, allowing air to circulate more freely than with other gel foams. This pressure sensitive foam molds to your individual shape to provide gentle contouring support. Refreshing air flow keeps you cool and comfortable all night long.

2" Engineered Latex Foam

High resilience comfort foam provides additional contouring support.

6" Reflexa Foam Base

High density foam provides long lasting durability and support.

AIR FLOW GEL™ MEMORY FOAM

Air Flow Gel™ cell structure features larger self-ventilating openings than other gel memory foams. Air circulates more freely, keeping you comfortable all night long.

10 Year Limited Warranty
