

"BLASTER"[®]

Corrosion Stop

Protects all metals and leaves a protective film on applied surfaces. Excellent for automotive, marine, farm & agriculture, industrial and heavy-duty applications. Penetrates and resists water, displaces moisture and prevents further corrosion. Water-resistant spray grease. Use for thousands of applications.

- Resists water and prevents further corrosion.
- Creates a protective barrier.
- Use in industrial, automotive and marine applications on anything that rusts.

Fix It Right
