**Care and Maintenance**

Though its powder-coated finish is rust-resistant, steel is prone to rust over time with exposure to the elements. In case of rust or scratches, lightly sand the affected area and apply touch-up paint. To maintain the finish periodically apply wax with a soft cloth.

Wash frames with a mild solution of soap and water; rinse thoroughly. Do not use bleach or solvents.

Do not store anything on tabletop. Use furniture covers or store indoors during cold or inclement weather.
