

**RESIDENTIAL ENERGY EFFICIENT PROPERTY FEDERAL TAX CREDIT**

Sec. 25D(g) provides a credit of 30% if the property was placed in service in a residence before Jan. 1, 2020, a 26% credit if the property was placed in service after Dec. 31, 2019, and before Jan. 1, 2021, and a 22% credit if the property was placed in service after Dec. 31, 2020, and before Jan. 1, 2022. Sec. 48(a)(2)(A) provides a 30% credit for solar energy equipment in commercial property if construction begins before Jan. 1, 2022.

Below is the Certification by Nortek Security and Control, LLC, and its brands Linear and Mighty Mule) that the products listed are eligible for the Residential Energy Efficient Property Tax Credit. We cannot provide tax advice and you should consult your tax consultant about any changes in the law, your individual circumstances, and how to claim the credit. (Note that a taxpayer claiming the credit is responsible for determining whether the expenditure appropriately relates to its use in the taxpayer's residence and cannot rely on the manufacturer's certification for that purpose.)
