

## Assembly instructions for Solid Benches

---

**Step 1.-** Locate Seating, 2 Legs and 1 support piece. As well as, hardware kit. (Screws, bolts, etc).

**Step 2.-** Position legs into its place at the sides of the seating, and introduce carriage bolts & screws to tighten them together.

**Step 3.-** Finally, place the Support piece into place, and introduce the wood screws to tighten. (note: holes are pre-drilled, be careful in this step)

**Note: align using the numbers printed on each part and use the following pictures for support.**
