

TP-LINK®

Quick Start Guide LB1XX Series

Important Information

Before installing or replacing the Smart Bulbs, read and follow all precautions, including the following:

- **WARNING: RISK OF ELECTRIC SHOCK OR BURNS.** Switch OFF the light switch controlling the bulb and WAIT for the bulb to cool down before attempting to change it.
- Do not install the Smart Bulb with wet hands or when standing on wet or damp surfaces.
- Not suitable for use with standard in-wall dimmers. Dimmable via the app only.
- Suitable for use in operating environment between -20°C and 40°C (-4°F and 104°F).
- NOT FOR EMERGENCY LIGHTING.

Smart Wi-Fi LED Bulb Installation

- 1 Download **TP-LINK Kasa** from App Store or Google Play.

OR
Scan QR
code

- 2 Connect mobile device to your **2.4GHz Wi-Fi** network.
Note: The Smart Bulbs only support 2.4GHz networks.

- 3 Launch **Kasa** and follow the in-app instructions to connect the Smart Bulb to your home network.

Frequently Asked Questions

1. The Smart Bulb appears offline or unreachable, what should I do?

- Check the light switch and make sure that it's switched to ON. The Smart Bulb requires an "always-on" power supply to operate properly.
- Make sure you are connected to the same Wi-Fi network to control it locally. To control the Smart Bulb outside of your home, sign in to your Kasa account and enable Remote Control.
- Reset the Smart Bulb and reconnect it to your Wi-Fi network.

2. How do I reset my Smart Bulb?

- To reset without losing your configuration settings, turn the light switch controlling the bulb to OFF first, then flip the light switch on and off 3 times.
- To factory reset, turn the light switch controlling the bulb to OFF first, then flip the light switch on and off 5 times. Note that factory resetting the Smart Bulb will erase all of your custom settings, and you'll have to set it up again.

3. Can I control the Smart Bulbs from multiple devices?

Yes. Download TP-LINK Kasa to your devices and sign in using the same Kasa account.

4. How do I pair the Smart Bulbs with Amazon Echo?

Visit www.tp-link.com/en/faq-944.html or within the Kasa Help section for pairing instructions.
