Instructions

- Always wear safety equipment such as a helmet, elbow pads and knee pads. Always wear a helmet when riding your scooter and keep the chinstrap securely buckled. Always wear shoes.
- Read and understand the enclosed owner's manual and all other literature before riding this product.
- Ride on smooth, paved surfaces away from motor vehicles.
- Avoid sharp bumps, drainage grates and sudden surface changes which could cause scooter to suddenly stop.
- Avoid streets and surfaces with water, sand, gravel, dirt, leaves, and other debris. Wet weather impairs traction, braking, and visibility.
- Do not ride at night.
- Brake will become hot from continuous use. Do not touch after braking.
- Avoid excessive speed associated with downhill rides.
- Adults must assist children in the initial adjustment procedures to assemble the scooter.
- Obey all local traffic and scooter riding laws and regulations.
- Watch out for pedestrians.
- Check and secure all fasteners before every ride.
- Replace all worn or broken parts immediately.
- Ride only on flat, dry surfaces such as pavement or level ground without loose debris, such as sand, leaves, rocks or gravel.
- To help reduce the risk of injury, adult supervision is recommended.
- Rider weight does not necessarily mean a child's size is appropriate to fit or maintain control on this scooter.
- A parent's decision to allow his or her child to ride this product should be based on the child's skill, maturity and ability.
- Watch out for obstacles that could catch your wheel or force you to turn suddenly or lose control. Be careful to avoid pedestrians, other wheeled products (such as skaters, skateboards, scooters, bikes, etc.) and children or animals that may enter your path. Never use in roadways, near motor vehicles, or on or near steep inclines or steps, swimming pools or other bodies of water.
