F-1000 Cartridge (included with this system) Chemical & Mechanical Reduction Filter Specifications:
This cartridge provides mechanical and chemical reduction of chlorine taste & odor and particulate class III.

- Tested & Certified by NSF International against NSF/ANSI Standard 42 in the following InSinkErator Systems Only: G10, G20, G22, G230, H100, H200, H300, H350, or H400 for the reduction of claims specified on the Performance Data Sheet.
- Filter Capacity: 500 gallons, depending on local water conditions. Note that while the testing was performed under standard laboratory conditions, actual performance may vary. Do not use with water that is microbiologically unsafe or of unknown safety, without adequate disinfection before or after the system. For cold water use only. Systems must be installed and operated in accordance with the Manufacturer’s recommended procedures and guidelines. See warranty card for warranty. For service and parts, contact your local dealer or InSinkErator® directly at 1-800-558-5700.
