

PR-D12

AM / FM
NOAA Weather Alert
Digital Tuning Portable Radio

Color

BLACK

The PR-D12 is a rugged digital AM / FM Public Alert Certified Radio. No matter where you are the PR-D12 lets you listen to your favorite music, news and radio programs while keeping you safe with up to date weather forecasting and alerts.

The NOAA Weather Alert Emergency Channel sounds a very loud audible tone when an extreme weather condition is imminent and/or a police emergency has occurred or any type of public awareness becomes critical.

The solid construction build of the PR-D12 is designed to withstand most environments and abuse while providing excellent Sensitivity and Selectivity for best reception capabilities.

Convenient access to 45 preset (20 AM, 20 FM, 5WX) with pre-set and page buttons on top the PR-D12 will allow you to switch your favorite station easily.
