MPN #AXH000001

1001 West Fayette St. Syracuse, NY 13204 U.S.A.  
1-800-732-4065 • oneida-air.com

- » Vacuums while you work, collecting dust and debris from both above and below the router bit, eliminating downtime for cleanup.
- » Universal design fits almost any fixed-base or plunge-style router by brands such as Bosch, Craftsman, Dewalt, Hitachi, Makita, Masterforce, Performax, Porter Cable, Ridgid, Rockwell, Ryobi, and more!
- » Lower chip cover swivels around edges and can be removed in seconds for plunge work (no tools needed) and an alternate shallow chip cover is included for tighter spaces.
- » Installs easily using router's existing hardware and includes quick-release hose connection for fast and easy storage.
- » Molded from clear polycarbonate, the same material as safety glasses, for maximum visibility and durability.

Hose Connection	1.5" OD / 1.25" ID	Max. Edge Bit	2.125" OD
Base Plate	7" OD x .25" (H)	Max. Plunge Bit	1.25" OD
