GREAT STUFF PRO™ Wall & Floor Adhesive is applied with a PRO Series foam dispensing gun for a simple and neat application. And the secure bonds created with GREAT STUFF PRO™ Wall & Floor Adhesive reduce nail pops in drywall, and floor and stair squeaks – which will help keep homeowners happy and minimize callbacks.

In addition to its ability to adhere to dry, damp or frozen lumber, GREAT STUFF PRO™ Wall & Floor Adhesive features:

- All-weather formulation with freeze-thaw stability
- Excellent bonding to plywood, rigid foam insulation, drywall, concrete and more
- Tack-free in approximately 14 minutes; fully cured in 2-4 hours
- Ability to reduce drywall nail pops and floor squeaks
- High yield

## ACROSS THE BOARD ADHESION

GREAT STUFF PRO™ Wall & Floor Adhesive is compatible with rigid foam insulation from Dow as well as lumber, plywood, particleboard, masonry, drywall and concrete. And its excellent bonding power means fewer fasteners are required in most applications.

GREAT STUFF PRO™ Wall & Floor Adhesive can be applied in a single 1/2" bead on joists and studs. For optimum performance, apply adhesive bead in a continuous zigzag, ensuring adhesive layer will completely cover joists and framing on sistered joints or studs or wherever wood panels and drywall edges meet.

*Cream in color, GREAT STUFF PRO™ Wall & Floor Adhesive is available in 26.5 oz (751 g) cans. One can of GREAT STUFF PRO™ Wall & Floor Adhesive equals 4-6 nominal quart tubes of traditional caulk adhesive, helping stretch the building budget even farther.*
