

HANGING A MIRROR

- Above the mantel: Position it at least 4-5 inches above the top of the mantel
- In a living room: Place the mirror on the wall opposite a window
- In a bedroom or other room with morning light, hang the mirror on a wall adjacent to a window
- In a dining room, be mindful if there is a chandelier with exposed bulbs as the reflection can be glaring
- In an entry hall, the center of the mirror should sit no higher than 60” from the floor
- Hang the mirror from the “D” hooks on the backside using two separate nails or screws
