

I-BEAM® IBH LED High Bay

Affordable LED Technology for Everyday Demands

TYPICAL APPLICATIONS

Manufacturing
Warehousing
Gymnasiums
Large Indoor Spaces

The I-BEAM® IBH luminaire gives even budget-conscious customers a very reliable LED solution. In addition to its low initial cost, the fixture saves up to 60% in energy costs over HID and also costs less to operate than popular fluorescent products! When paired with occupancy sensors and dimming, you save even more energy and extend the fixture life. With a diffuse lens to control glare, this fixture is suitable for mounting heights from 10' to 40'. It is ideal in controlled environments such as light industrial and commercial spaces.

- ▶ 9,000, 12,000, 18,000, 24,000 or 30,000 lumens
- ▶ Replaces up to 400W metal halide or 8-lamp T5HO
- ▶ 95-311W input saves as much as 60% energy over traditional sources
- ▶ Suitable for -40°F (-40°C) to 104°F (40°C) ambient environments
- ▶ 4000K or 5000K color temperature; 70 or 80 color rendering index (CRI)
- ▶ Medium distribution meets both horizontal and vertical light level requirements
- ▶ Predicted useful life of L70 at 97,000 hours and L85 at 42,000 hours
- ▶ Pre-wired for 0-10V dimming
- ▶ 10 lbs. (4.5 kg) or 20 lbs. (9.1 kg)
- ▶ CSA certified to US and Canadian safety standards; damp location listed
- ▶ 5 year limited warranty; complete warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx
- ▶ DesignLights Consortium® (DLC) qualified product; please check the DLC Qualified Products List at www.designlights.org to confirm which versions are qualified
