

# GETTING STARTED

## Creating Your Bag:

1. Measure item to be vacuum sealed and **add 5 inches to bag length to allow for proper Vacuum Sealing.**
2. Seal one end to make the bag.

## When Ready to VACUUM SEAL:

3. Fill bag with contents.
4. Neatly fold-in the side pleats of bag and pull tightly.  
There should be **NO WRINKLES.**
5. Insert bag into machine and vacuum and seal as you normally would.

**NOTE: FOR BEST RESULTS, READ MACHINE INSTRUCTION MANUAL BEFORE OPERATING.  
FOR BEST RESULTS, USE "MOIST" SETTING OR SEAL TWICE.**
