

WARRANTY INFORMATION

KEEP THIS INFORMATION IN A SAFE PLACE

Warranty repair procedure

1. Notify the retail store where the unit was purchased.
2. Depending on the repair, the unit may be repaired at the retailers for minor repairs
3. For any other repairs needed the store may elect to have an authorized national service center repair for you.
4. Retain your receipt for proof of purchase date and warranty coverage.

Your limited warranty does not include oil, gas or flat tire replacement cost.

Your limited warranty covers manufactures defects for 1 year parts and labor and does not cover abuse or damage to the product.

For complete warranty information for your new outdoor power product contact North American Tool as follows:
