Installing Ceiling Track Roller Hooks is easy. Roller hooks work seamlessly with ceiling track sets and make opening and closing off a space as simple as the flick of a wrist! Instructions for installing your rollers can be found below:

STEP 1:

1. Place as many roller hooks in the first piece of installed track as there are grommet rings in your curtain.

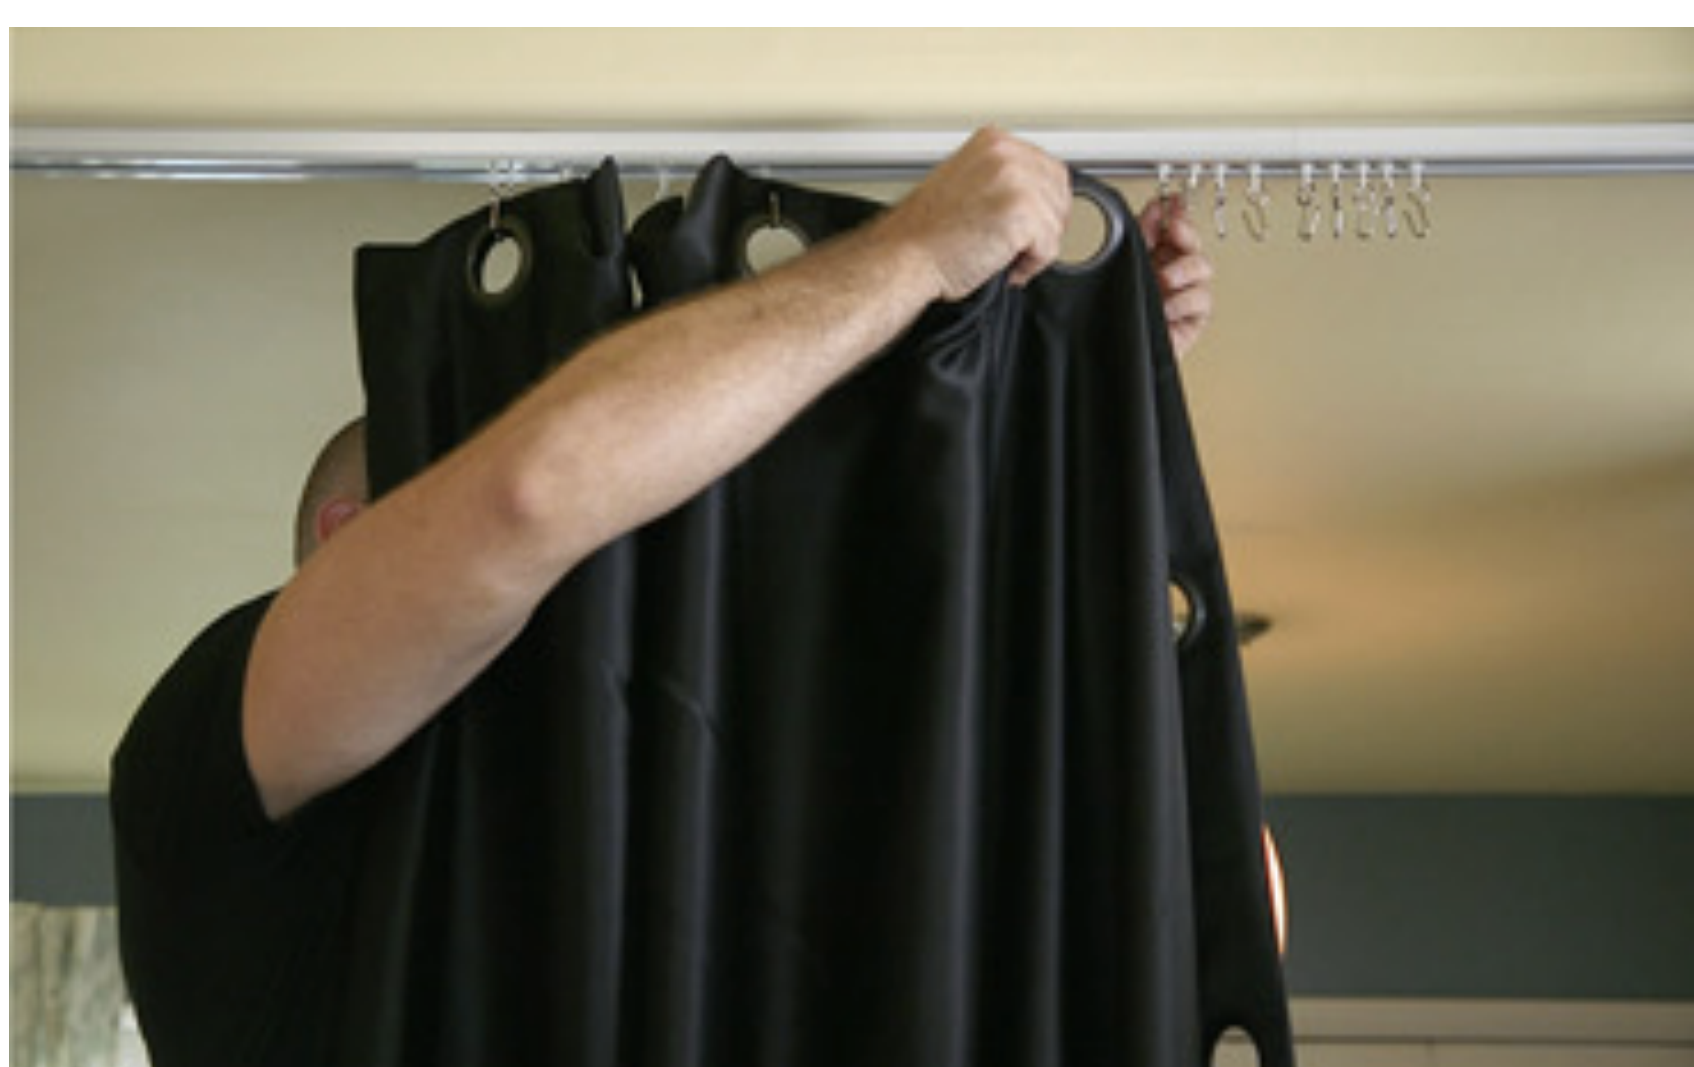

STEP 2:

2. Install the remaining sections of track (if your installation requires more than 1 piece).

- Make sure that each additional track section is aligned straight with the installed track and that there is no gap between track sections.
- Be sure to install the other end cap at the opposite end of the track.

STEP 3:

3. Hang your curtain(s) or divider(s) on the roller hooks.

STEP 4:

4. And there you have it! Ceiling track roller hooks setup in no time!
