Instructions

Intermediate Skill Level | 1 Hour Crafting Time

1. Clean and dry canisters and juice lids.
2. Spray paint lids, bottom canisters and juice lids purple.
3. Prepare fabric as directed with Fabric Modge Podge. Measure and cut strips of fabric to fit around canisters as shown.
4. Use Gloss Mod Podge to glue fabric strips one strip at a time to the canisters while working around each side of the canister smoothing out any air bubbles.
5. Use Fabric Mod Podge to glue purple ribbon around canisters.
6. Give canisters three more coats of Gloss Mod Podge (be careful not to get glue on the metal); allow to dry in between coats.
7. Spray canisters with acrylic sealer.
8. Use black permanent ink marker to write “Flour” and “Sugar” on lids and add small dashes, or stitching lines, around edges.
9. Add ribbon and magnets with hot glue. Place magnetic labels on canisters after 48 hours or when canisters are cured.
