

Fitting

Your Tractor Cover will fit lawn or garden tractors with decks up to 54". It may not cover some accessories such as grass catchers or mulchers.

Installation

Check your tractor for sharp corners or edges that could stress your cover as you pull it on. Look for a white tag in the bottom hem that says, "front". Slip your cover over the top of your tractor with the white tag at the front, then pull the cover down on all four corners.

Cleaning and Care

Clean your cover with a soft brush and luke-warm water or machine wash in COLD water. DO NOT USE SOAP as it may damage the protective coatings. Line dry or machine dry on air or delicate. To avoid mildew be sure your cover is completely dry before you store it.

One Year Warranty

This cover is factory warranted for workmanship and materials for one year after purchase. This warranty assumes normal use and conditions. Use while trailering your mower will invalidate the warranty.
