

Also Available in Pet Friendly Packaging

# MAGNESIUM CHLORIDE

## LESS CORROSIVE

Tests show MAG to be significantly less corrosive than Calcium Chloride and Sodium Chloride.

## SAFER AROUND VEGETATION

MAG is safer to use around plants and bushes. In fact, magnesium chloride is used as an ingredient in some fertilizers.

## SAFER AROUND ANIMALS

MAG is much less toxic than most other ice melters.

## ENVIRONMENTALLY FRIENDLY

Pound for pound, MAG contains fewer chlorides than other ice melters, resulting in significantly less chloride runoff and pollution.
