12 FL. OZ. (355ML)

## Happy Horse Neem Oil

**100% cold pressed and unrefined.**

With applications on people, pets and gardens, neem oil is incredibly versatile and contains a variety of beneficial vitamins, antioxidants and fatty acids.

### Directions:

**For Horses and Dogs:** Apply directly or mix with fly sprays, lotions, shampoos, or other pet care products. Start by adding 1 ounce of Neem Oil and increase as desired. Alternatively, make a spray by mixing 1 fluid ounce with 20 ounces of warm water.

**For People:** For topical use only. Apply directly to the skin and hair or mix with lotions, shampoos, or other personal care products. Start by adding a few drops and increase as desired.

**For Plants:** Mix 1 ounce of Neem Oil with 1 gallon of water and add a few drops of a mild dishwashing soap. Spray directly in the morning or evening when the sun has set.

**DO NOT USE ON CATS.**

Cold Pressed Neem Oil may thicken when temperatures drop. This is completely normal. To restore to a more liquid consistency, place the bottle in a small bucket of warm water for 5 minutes. Do not allow to fully submerge.

**Keep Out of Reach of Children.**

**CAUTION:** For topical Use Only. Do not ingest. Avoid eye contact with eyes.

Ingredients: 100% Pure, Certified Organic, Cold Pressed and Unrefined Neem Oil (*Azadirachta Indica*)
