

# NEW LIFE FOR TEAK!

Until now, most teak care products worked poorly and were dangerous to use. Star brite, the #1 name in marine care, introduces three new teak products which are effective, easy to use, and safe.

## **PREMIUM TEAK CLEANER**

- Removes weathering and mildew stains
- No hard rubbing or hard scrubbing required
- No neutralizers or other chemicals needed

## **PREMIUM TEAK BRIGHTENER**

- Enhances wood grain and natural color
- Safe, one step formula
- Wipe on, rinse off application

## **PREMIUM GOLDEN TEAK OIL**

- Longest lasting results
- Deep penetrating, fast drying formula
- Ultraviolet inhibitors protect wood from damaging sunlight

This kit contains 3 of the most advanced products ever formulated for the restoration, beautification and preservation of marine teak.

1. First, apply Star brite Premium Teak Cleaner to remove dirt, mildew stains and grey weathering. Use a brush or sponge to apply to teak, scrub gently, let stand for a minute or so and rinse off.
2. Next, apply Star brite Premium Teak Brightener with a sponge, cloth or brush. Let stand for about 5 minutes then rinse with water. The brightener will enhance the natural wood grain and restore the warm golden color which makes teak such a prized wood.
3. Finally, after the teak has dried, use a brush, cloth or sponge to apply Star brite Premium Golden Teak Oil. Allow the application to soak into the wood, then wipe off any excess. It's as easy as that.
4. Right before your eyes, the most weathered, grey and dirty teak is transformed into bright, rich and beautiful wood. And the long lasting protective qualities of Star brite Premium Golden Teak Oil will keep it looking that way. Best of all, it was all done with a minimum of time and effort expended, using safe products.
