

Product Description

Our original blend of beeswax, carnauba wax, and orange oil is the perfect product to enhance the natural beauty and depth of grain in all woods, finished and unfinished. On finished wood, Feed-N-Wax Wood Polish & Conditioner is ideal for providing added protection to furniture, antiques, kitchen and bathroom cabinets. On unfinished oak and other deep-grained woods it is especially effective at penetrating into the wood. Feed-N-Wax was developed as the perfect follow-up to Restor-A-Finish for maintaining the newly restored finish. Contains no silicone or linseed oils. Not intended for food-prep surfaces. For food-prep surfaces, use Howard Butcher Block Conditioner and Cutting Board Oil.

Features

- Gel-like consistency is easy to apply
- May be used every month or when your wood looks dry
- Enhances the natural beauty and depth of grain in finished and unfinished wood
- Helps prevent further drying and deterioration of all wood finishes
