

Use and Care Instructions

Model: SH032C

Product Description: Spoiler™ *Pause* Showerhead, 2.0gpm

Use Instructions:

Step 1: Remove existing showerhead and discard.

Step 2: To prevent leaks, we recommend wrapping pipe tape around the threads of the shower arm.

Step 3: Attach shower bracket clockwise to shower arm.

Step 4: Attach one end of the shower hose to the bracket end and the other end to the showerhead turning clockwise. Use included washers to ensure a tight seal.
