We stand behind our brand and the quality of the items we sell. We will send new parts, or replace products at our discretion within the one-year warranty period. Before we can help, you will need to provide proof of purchase with the date of purchase and photos of the defective merchandise. We will use the photos to determine the cause of defect and for future quality control.

This trellis is designed to be placed in the ground. It is the perfect addition to a flower pot, garden bed or yard. Once the trellis is assembled, gently push it into the ground. If the soil is too hard and you're having difficulty pushing the trellis into the soil, you can add a little bit of water to the ground or use a cultivator to loosen the soil so that it's easier to install the trellis into the ground.
