Square Foot Coverage: 1sf per piece

Overall dimensions per piece: 12 in. wide x 12 in. length x 8mm

Weight: Average weight per piece 4.65 lbs.

Color family: Cream

Material type: Travertine

- Mesh-mounted mosaic tiles are easier to install than traditional tile formats. Can be used as whole sheets, or cut to make inexpensive feature strips.
- All natural stone has substantial shade variations. Expect variations in shade and color between all pieces.
- Blending from several boxes during installation is recommended.
- Sealing natural stone tiles is highly recommended. Use a high quality sealer prior to grouting to facilitate cleaning. Follow manufacturer recommendations for reapplication as part of an ongoing maintenance routine.
- Finish is unglazed, with a textured low sheen and random shade/tone variation
- Recommended for kitchen backsplashes, showers, accent walls, tub surrounds, and vanities
- Recommend white “polymer-modified” thin set and non-sanded grout for best installation results.
