Dust regularly with a soft, lint-free cloth to prevent soil build-up. A damp cloth may be used occasionally to clean surface. Dry immediately. Do not use any abrasives that may damage finish. Excessive exposure to sunlight and extreme changes in temperature and moisture can damage wood furniture.

Use coasters to prevent the formation of moisture rings and trivets to protect from hot items. Cover extension leaves (if applicable) with a soft protective fabric before storing. Do not slide objects across the surface - always lift them.

### **MAINTENANCE**

Check bolts/screws periodically and tighten them if necessary.
