Hi Flame® will ship, at no cost to the retailer, and the retailer will help you replace the parts or repair at their option, any stove or fireplace insert or part thereof found to be defective.

Exclusions and Limitations

NOTICE: This warranty is void if installation or service is performed by someone other than an authorized installer or service agency, or if installation is not in conformance with the installation and operating instructions contained in this owner's manual or local and/or national fire and building regulations. A listing of local authorized installers and service agencies can be obtained from the National Fireplace Institute at <http://www.nficertified.org>.

This warranty does not cover the following:

1. Damage due to incorrect installations not in conformance with the manufacturer's installation instructions or local and national regulations. It is the responsibility of the installer to ensure that the unit is installed and operating correctly at the time of installation.
2. Damage caused by over-firing, which causes any part of the appliance to glow red, as defined in the operation manual. Over-firing can be identified by warped plates, rust colored cast iron, paint pigment that has turned dusty white, or bubbling, cracking and discoloration of the enamel finish.
3. Damage caused by unauthorized modification, use, or repair.
4. Travel time or any other related expenses are not covered under warranty.
5. At no time will Hi Flame be liable for any consequential damage which exceeds the purchase price of the unit. All warranties, implied warranties of merchantability or other, are limited in duration to the length of this written warranty. No other warranty, including oral, is enforceable.
