Installation Guide

Thank you for choosing to add beauty and warmth to your landscape with our premium quality outdoor living products! Rest assured that our products will give you years of durable performance and maintenance-free satisfaction. This guide will help make your installation easy. For questions, please call 1-888-743-3673 and welcome to Weatherables.

To install the post cap, simply apply a small amount of silicon to the cap so the post cap will be stable on the post, but you have the ability to remove in the future. To permanently install the post cap, replace the silicon with vinyl adhesive to permanently secure.
