*For more information please visit www.ellasbubbles.com

 Change of Level threshold has manageable 1/4" vertical rise to easily coordinate with minimum finished flooring.

Barrier Free, Roll In Shower 60" x 30"
6030 BF 5P .75 - Center Drain

Disclaimer:

In an effort to continually improve our product, specifications and configurations are subject to change without notice. Before ordering or installing, consider future access to essential equipment. Due to the nature of the materials, dimensions may vary $\pm 1/2"$.

STRENGTH

Wood & Steel Reinforced Walls

Twice the weight and twice the raw materials used in the construction of our showers than listed by any of our competitors. Wood reinforced core walls and high density base. Metal conduit around perimeter of EACH panel for added strength.

ADAPTABILITY

Customized Accessory Placement

The wood reinforced core walls allow the fixtures to be installed right onto the wall studs by eliminating the need for a drywall backing.

SHOWER DOOR FRIENDLY

Your choice: Curtain or Door

Square corners in Ella shower construction allow for framed or frameless shower doors to be installed.

Image for illustration only

FRONT SIDE INSTALLATION

Aluminum Pin and Slot System for a contractor friendly front side installation.

An installation may be finished in a fraction of the time. No more need to get behind the panels to bolt large panels together.

AVAILABILITY

Your Project won't be held up

Ella showers are manufactured, inspected and shipped directly from the factory within 5 - 7 business days.

Rush orders are available upon request (white only).

No order is too big or small.
