**GROHE**  
ENJOY WATER®

# SIMPLY BRILLIANT

Crisp planes, intriguing angles and a cut-out detail, GROHE Allure Brilliant illustrates the absolute precision that can only be achieved through years of experience and an unfaltering passion for innovation. Complex without being complicated, faceted faucets add a new dimension to bathroom design, and a new dimension to water.

Inside and out, GROHE Allure Brilliant pushes the boundaries. An aperture at the end of the spout gives a new view of water – a cascading flow that entices and teases every time.

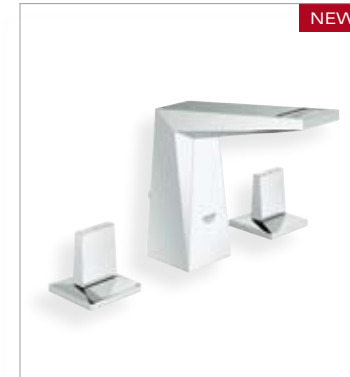

# GROHE ALLURE BRILLIANT

With its gem-like quality and structured shape GROHE Allure Brilliant exudes architectural appeal. Our designers and engineers have taken on the roles of lapidaries, refining and polishing with utmost care to create a collection of intriguing designs, which will challenge your perception of bathroom fittings.

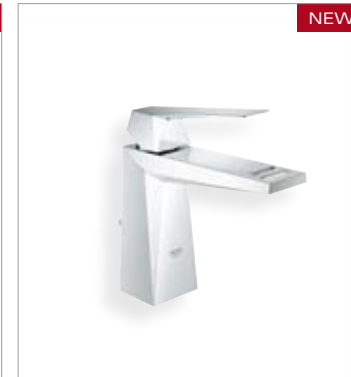

An adventurous mix of squares, rectangles and perfectly-cut surfaces is supported by the most advanced GROHE technologies.

## Performance Features

- The smooth, precise action of **GROHE SilkMove®** ceramic cartridge technology for lifelong, effortless water control. Lifecycle tested to over 200,000 operations simulating 14 - 20 years of typical residential use for a family of four.
- **GROHE StarLight®** technology creates a deep, luxurious chrome finish that is soil repellent, scratch resistant and non-tarnishing. The result: a color-fast, good as new appearance for years to come.
- **GROHE TurboStat®** technology enables GROHE thermostat valves to deliver near instantaneous, precise temperature control for the highest level of convenience, comfort and safety for your shower or bath.
