The right light for your lifestyle.

90+ CRI Beautiful, high CRI light for rich, natural colors all over your home

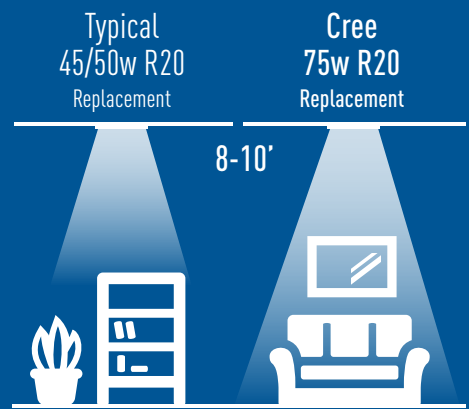

22.8 YEARS Lasts longer, exceeds ENERGY STAR® requirements

 Fully Dimmable. No buzz, no hum. For compatible dimmers, visit creebulb.com/dimmers

 ENERGY STAR® qualified for high performance and superior efficiency

 100% Satisfaction Guarantee. No hassle.

CREE GIVES YOU **MORE LIGHT** WHERE YOU NEED IT

Why high CRI light matters

The higher a light bulb's CRI, the more closely the light resembles natural sunlight. Low CRI bulbs can make colors look gray and washed out, just like a cloudy day. But Cree's high CRI bulbs make the colors in your home look rich, vibrant and natural.
