Alfresco Home introduces Fervor™

What is all the commotion, the delight and the Fervor™?

Alfresco Home is once again bursting with FERVOR™ - but this time, quite literally! From the outdoor living company that exclusively introduced the stunning wood-fired oven and smoker, Fornetto™, comes the biggest news to hit the home-chef grilling scene in decades! In collaboration with the experts at Garth Living, the renowned, family-owned Australian manufacturer of global grill brands, Alfresco Home introduces FERVOR™ an extraordinary grill designed to specifically address the grilling needs of the North American consumer.

Fervor™ captures the best of the outdoor lifestyle in its range of high-quality barbecues that emphasize healthy and easy grilling. The development of the intelligent grill by the Fervor™ design team combines years of hands-on manufacturing experience with an uncommon ear to significant consumer feedback. Fervor™ takes grilling beyond its smoky, backyard roots and raises it to a new level of passionate, professional quality cooking that is entertaining, advantageous and seriously, seriously fun! Create a stir. Bring on life with FERVOR™!

Long Proven Durability with a Modern Focus on Health

With a Fervor™ grill, the home chef now gets superb, gourmet results while promoting the best techniques to support healthful eating. Why is Fervor™ different, even peerless in this category? Not only are Fervor™ grill grates crafted of matte enameled cast iron, they also employ the patented GrillSmart™ technology for healthy, simple and clean grilling.

Fervor's™ matte-enameled cast-iron grates evenly and quickly conduct heat for high quality restaurant-quality cooking at home.

The top steakhouses in the United States, Australia and Argentina use cast-iron grill grates to cook their prime cuts of meat because cast iron is by far the most superior surface for cooking.

- Cast iron conducts heat much faster and more consistently than stainless steel.
- Cast iron's thermal conductivity is 55W/mK. This measurement is significantly higher than stainless steel and equates to a more efficient heating process, which means any food is cooked precisely on a cast iron grill with less energy consumption. Stainless steel has irregular hot spots that burn meat.

- Cast iron is stronger and more durable than stainless steel. Over time a stainless steel surface becomes damaged with dents, nicks, and scratches. These deviations not only look awful and unappetizing, they harbor unhealthy germs.

Fervor™ is the only barbecue worldwide to feature the GrillSmart™ technology. This self-cleaning system burns off fats, oils, and any remaining residue after cooking, leaving the grill clean and ready for the next round of cooking. GrillSmart™ technology also drains away fat throughout the grilling process, promoting a healthier, cleaner meal. No more uncontrollable flare ups that sear and scorch foods leaving them bitter, tough and often ruined! Instead, fats and juices flow into GrillSmart™ specially grooved channels and gather in the collection tray that is simply removed for the easiest clean up ever! And Fervor's™ matte-enameled cast iron grill grates are rust-resistant. Their classic structure prevents scratches, lasts longer, and again facilitates trouble-free cleaning.

Live with Passion - Move Forward with Fervor™

The Fervor™ grill offers additional unique, and clever features:

- The tempered glass window in the hood lets the chef monitor progress without opening the barbecue.
- The superior Zoned Temperature System allows seafood to be prepared at a lower temperature in one area while meat and vegetables experience higher heat in other zones.
- Jet-force ignition fires up the barbecue reliably each and every time.
- The Insultouch™ cool-touch hood keeps the outside of the unit from getting way too hot.
- The grill hood's distinct Clean-Touch coating leaves its stainless steel surface able to be easily and quickly wiped clean with warm soapy water.

Its learned pedigree, new age considerations, state-of-the-art features and extraordinary performance prove the Fervor™ Grill is the much awaited answer to North America's passion for outdoor living. Alfresco Home is thrilled to introduce this incredible grill and proudly echo "Our Passion Is Yours"!

OUR *passion* **IS YOURS!**

Grill Smarter with Fervor™

GrillSmart™ Technology

Fervor™ exclusively features patented GrillSmart™ technology for a healthier, cleaner way to barbecue.

What is GrillSmart™?

GrillSmart™ is an oil management system featuring matte enameled cast iron grill grates that channel fats and oils away from the food while you barbecue. With this system you get great tasting healthy food and a barbecue that is much easier to clean

How is GrillSmart™ better than regular barbecuing?

With regular grills the fats and oils can drip straight through to the burners and catch trays below. The fat accumulates around the food rather than draining away. In turn pooling can cause flare-ups and leave food burnt and with an unhealthy metallic taste.

GrillSmart™ grates are made up with a series of grooved channels that are a precise width to allow the perfect amount of fat to fall through for a better barbecue taste. The cooking surfaces are positioned so they are higher at the back of the grates and angle downward toward the front of the barbecue. The edges of the cooking grates are curved allowing fats and juices to drain freely and away from the food. The plates sit on a stainless steel collection tray and channel. Small ridges spaced evenly down the length of the tray create a space between the cooking plates allowing fats and juices to flow underneath. The juices are then directed down into the collection channel into a removable collection cup underneath the left side shelf.

GrillSmart™ grill grates are made to last. The GrillSmart™ grates are made from heavy-duty cast iron and coated in a matte enamel finish. They truly are the perfect surface for cooking all types of food and are preferred by most professional barbecue chefs. The benefit of cast iron is that it can be heated to a very high temperatures and maintain heat better than other cooking surfaces such as stainless steel. They are the perfect surface for searing all types of meat, which then locks in the taste of the juices while the high heat renders all the fat during cooking. You can cook anything on your GrillSmart™ grill from steaks, sausages, chicken, seafood, and vegetables.

Easy to Clean

When finished cooking, leave the barbecue on with the lid down for 20 minutes. Any remaining residues such as caramelized marinades and bits of food are burnt away. Ash and other residue are then simply brushed off and the surface is given a quick wipe. With most of the fat and grease removed during cooking, the inside of the barbecue will be easier to clean as well. If you wipe the surface of your GrillSmart™ grills with a bit of vegetable oil it protects the enamel and help prevents rust. With proper care your GrillSmart™ barbecue will last for many years.

Healthier, Cleaner & Easier
That's cooking with GrillSmart™

Fervor™ Accessories for Everyday

Innovative, stylish and totally sophisticated - the hallmarks of great design.

Fervor's™ range of everyday quality accessory items promises practical solutions with sophisticated style. Produce some of the finest foods with ease in conjunction with Grillsmart™ technology and the highest quality tools and accessories only made possible by Fervor™.

Fervor™ Cleaning Brush - With a generous 8.74 in. long handle and a compact triangular cleaning head, Fervor's™ everyday Cleaning Brush lets you clean the Fervor™ cooking plates easily and safely.

Fervor™ Tongs - The long handle is firm and comfortable with a rubber painted finish for a secure grip. The smart push & pull locking system closes the Fervor™ Tongs easily by pulling the lock into position.

Fervor™ Spatula - Fervor's™ multifunctional Everyday Spatula does more than flip burgers. The large 4.72 in blade has a row of jagged teeth for piercing sausages and a fine blade edge for cutting.

Fervor™ Pizza Stone and Cutter Set - Fervor's™ Pizza Set comprises a 13.3 in diameter corderite ceramic pizza stone - the perfect surface for cooking the perfect pizza crust and an innovative stylish serving tray that replaces the traditional pizza spatula.

Fervor™ Roasting Dish - With a generous sized 1.1 gallon dish, the Fervor™ Roasting Dish is perfect for roasting meats and vegetables atop the Fervor™ grill. It's also perfectly sized for all kinds of baked dishes in your kitchen oven. Use the silicone lid to seal the dish for the perfect vessel for marinating, storing or protecting foods.

Fervor™ Grill Topper - Placed directly on the Fervor™ barbecue, grill all types of food and take straight to the table with the stylish Fervor™ Grill Topper. Partner it with the Fervor™ Roasting Dish and create an aromatic water bath or an elevated roasting tray for healthier roasted meats.

Fervor™ Poultry Roaster - The Fervor™ Poultry Roaster holds the bird in place while fats under the skin travel down and baste the meat. Meanwhile the liquid in the pot steams and flavours the flesh from the inside out - reducing the cooking time and resulting in succulent, tasty flesh.

Fervor™ Roasting/Skewer Rack - Elevated roasting rack that allows for even cooking times and easier basting, and a kebab rack with six metal skewers whose slotted edge design holds skewers in place for even cooking and basting. Featuring our Fervor™ boomerang design on the handles, the kebab skewers are easier and safer to turn.

Fervor™ Electric Rotisserie Rack - Nothing says "culinary event" quite like the sight of succulent meats slowly turning away on a rotisserie steel. Rotisserie methods cook the meat slowly and evenly in its own juices for delicious, mouth watering results.

Fervor™ Multi-Basket - Grilling delicate items such as small fish, and vegetables, even whole mushrooms, are easily achieved on the Fervor™ Grill with the generously proportioned Fervor™ Multi-Basket.

Fervor™ Paper Towel Shelf - Slotting easily into the grooved channels of the Fervor™ gas grill's cabinet wall, the Vesta Award Finalist Fervor™ Paper Towel Shelf locks securely into place giving additional shelf space and keeping the paper towel right where you need it - all within arms reach.

Fervor™ Trash Bag Holder - Fervor's™ clever and practical design makes cleaning up infinitely more stylish. The Vesta Award Finalist Fervor's™ Trash Bag Holder slots easily into the grooved channels on your Fervor™ gas grill's cabinet wall. Just add a trash bag!

Fervor™ Cleaning Brush - With a generous 8.74 in. long handle and a compact triangular cleaning head, Fervor's™ Everyday Cleaning Brush makes cleaning the Fervor™ cooking plates easy and safe.

Fervor™ Hot Plates - With individual cooking plates you can change the configuration of the cooking area on the Fervor™ Grill to suit your particular requirements or to suit the food you're cooking.

Fervor™ Grill Covers - Fervor's™ range of high quality weatherproof deluxe covers are designed to perfectly fit our range of gas grills for maximum protection from the elements - all year round. Featuring a full width ventilation grill to allow the cover to 'breathe' and Velcro tabs to secure the cover in place.

ALFRESCO HOME

Fornetto™ Wood-Fired
Oven and Smoker

Fornetto™ Oven and Smoker

Fornetto™ Wood-Fired Oven and Smoker

Alfresco Home Presents the Fornetto™!

Alfresco Home, the Outdoor Living Made Easy company that brings you superb quality, function, design and value in all of our casual furniture and garden accents proudly rounds out our outdoor gourmet category with the drum roll worthy Fornetto™.

This exceptional, dual-purpose wood-fired oven and smoker is the flagship member of our stunning outdoor gourmet group. With its handsome, vertical design and stylish exterior, the Fornetto™ immediately draws a crowd. And when this beauty is fired up and delivering mouth watering meats, poultry, fish and vegetables as well as authentic baked pizzas, breads and desserts, the heated excitement gets pretty intense!

Fornetto™ ovens (A) boast a robust 16.15 gallon capacity with a chamber design that allows for pure convection oven cooking or flawless smoking. They are able to heat up

to 662°F/ 350°C. Their practical exterior thermometer (B) allows for monitoring of oven temperature while the cool touch phenolic controls facilitate fine heat adjustment by regulating the air delivery to the combustion chamber.

Engineered for heat to release from all surfaces simultaneously and indirectly, Fornetto™ ovens ensure a kinder cooking process and full flavor retention. Three fire bricks and a full pizza stone sit within the oven, and an adjustable shelf system provides flexibility and multi-layer cooking. A removable smoker box (C) with unique slider adjustment controls gives delicious and natural smoked flavors.

The Fornetto™ also includes a bottom storage rack, mobility wheels, condiment rack, lift up side table, and all weather protective cover on its long list of handsome and handy features.

Fornetto-Alto™ Mobile

Fornetto-Alto™ Wood-Fired Oven and Smoker

Fornetto-Alto™

All Fornetto™ ovens are created with the home chef in mind to ensure the best outdoor cooking experience. The Fornetto-Alto™ Wood-Fired Oven and Smoker delivers all the exceptional functionality and amazing results of the original Fornetto™ while adding convenient enhancements.

Like the Fornetto™, the Fornetto-Alto™ also offers the following:

- 16.15 gallon capacity chamber
- A practical Exterior Thermometer
- Heating ability up to 662°F / 350°C
- Cool touch Phenolic Controls
- Three firebricks
- Full Pizza Stone
- Removable Smoker Box with slider adjustments

UNIQUE to the Fornetto-Alto™ are a number of additional

exciting features. An **electric halogen light (A)** inside the oven chamber is very handy. The **warming drawer (B)** below the combustion chamber holds multiple courses. A durable and convenient **slide-out shelf** allows for easy access of cooking materials and the large capacity **storage cabinet (C)** keeps charcoal, wood and other Fornetto™ accessories dry and cool.

Notably, the Fornetto-Alto™ has the ability to function as either a stand-alone, **mobile unit** or to be fitted as a **built-in outdoor oven**. As a mobile unit, the Fornetto-Alto™ offers flexibility in any outdoor space. When fitted as a built-in, this wood-fired oven and smoker enhances the ultimate outdoor kitchen.

In either configuration, the Fornetto-Alto™ maintains the superior manufacturing qualifications of the Fornetto™.

Conditions of the Warranty

Your oven is covered against defects for a period of up to 2 years from date of purchase for parts.

This warranty excludes surface rust and damage caused by abuse or neglect.

- The product is warranted for a period of 2 years from date of purchase.
- Proof of purchase must be supplied when applying for warranty.
- The operating manual must be retained in a safe place.
- The appliance must be operated and maintained in accordance with the instructions supplied in the operating manual.
- Any repair does not extend the warranty period.
- Any parts other than original oven parts will void this warranty.

Fornetto™
Tools & Accessories

Fornetto™ Accessories

Fornetto™ Accessories

It is said, a chef is only as good as his or her tools. The exceptional accessories designed especially for the Fornetto™ ovens are durable, attractive and easily well-maintained. Bring out the full potential of your Fornetto™ oven with these marvelous tools.

4 PIECE TOOL KIT - The essential 4 Piece Tool Kit includes a curved pizza cutter, large pizza spatula, brass wire cleaning brush, and a long handle fire poker. Long handles for safety, solid construction for reliability, and, because cooking outdoors is thirsty work, a built-in bottle opener too!

SMALL PIZZA SPATULA - The Fornetto™ Small pizza spatula is ideal for handling those mini pizzas, small loaves, foccacias, rolls or burgers.

BAMBOO PIZZA PEEL - Crafted from laminated bamboo, the authentic Bamboo Pizza Peel transports homemade pizzas from prep area to oven to table with ease and elegance. Its tapered front edge slips smoothly under a pizza or loaf of bread and also makes a perfect cutting board.

LEATHER GLOVES - Made from heat-resistant, double insulated leather; the Fornetto™ Gloves offer unmatched protection and versatility when using your Fornetto™ oven. Extra-long cuffs protect the forearm making these gloves a useful addition to your outdoor collection.

14" PIZZA STONE - With its porous Cordastone® surface, draws moisture away from the dough during cooking for crispier crusts.

8" MINI PIZZA STONES - Four stones fit on each oven rack made with the Cordastone® surface.

Fornetto™ Fire and Flavor

Fornetto™ Fuel

Fornetto™ Premium Hardwood Lump Charcoal

The critical first step to an amazing outdoor dining experience lies in the proper fuel. Fornetto™ Premium Hardwood Lump Charcoal is the solution. Made in Paraguay from Quebracho hardwood trees, our Fornetto™ Charcoal is created by the local indigenous population, in adobe style brick ovens using traditional methods that have continued for thousands of years. The result is a high-quality **100% natural hardwood charcoal** free of chemical additives and debris. A product that is more dense and burns longer than other charcoals.

Fornetto™ Hardwood Lump Charcoal is sold in 20lb /9.07kg bags.

Fornetto™ Smoking Chips

Take your flavor palette to a whole new level with Fornetto™ Smoking Chips. Unlike any others on the market today, our smoking chips are made from high-quality oak

barrels directly sourced from European wineries. With an exclusive, certified process that dries out the chips made from these barrels, this environmentally friendly process creates the best chips with no additives.

Fornetto™ Smoking Chips come in four flavors:

Red Wine Chips, made from wine barrels from the Rioja area of northern Spain, perfectly enhance the flavors of any red meats and pork.

Cognac Chips, produced from barrels in the Cognac region of France, are ideal for seafood, vegetables and meat.

Muscatel Chips, which come from the Muscat grapes grown in northwestern Spain, bring great flavor to chicken as well as desserts.

**"ONE OF THE VERY NICEST THINGS ABOUT LIFE IS THE WAY
WE MUST REGULARLY STOP WHATEVER IT IS WE ARE DOING
AND DEVOTE OUR ATTENTION TO EATING."**

- LUCIANO PAVAROTTI

Fornetto™ Ceramic Cookware

Fornetto™ Ceramic Cookware

Fornetto™ cookware is designed to withstand the high heat of any oven or grill, and is ideally suited to go immediately from the oven to the table. Our stoneware's capacity to retain heat means food stays hotter for longer on the table. Dishwasher, freezer and microwave safe, the Fornetto™ Ceramic Cookware is comfortable in your outdoor Fornetto™ or your indoor ovens.

ROUND BREAD CLOCHE - The Fornetto™ Bread Cloche is a terrific alternative to a traditional bread oven. Bring the magic of bread making to your Fornetto™ oven or any traditional gas and electric ovens.

DUTCH OVEN - Duplicating the benefits of baking in a brick oven, your Fornetto™ Dutch Oven will satisfy the biggest crowd with a generous 3.69 quarts or 3.5 liter capacity.

GARLIC ROASTER and TORTILLA WARMER - The Fornetto™ Garlic Roaster is perfect for roasting garlic, warming tortillas and serving pancakes or crepes.

DEEP PIE DISH - With generous proportions and a wide rim, the Fornetto™ Deep Pie Dish is ideal for baking deep-dish fruit or savory pies or delicious deep dish pizza and then serving them directly to the table.

ROASTING DISH - The Fornetto™ Roasting Dish is perfect for roasting meats and vegetables, preparing baked desserts or serving savory dishes.

BAKING STONE - The glazed surface and even heat distribution of the Fornetto™ Baking Stone delivers crispy, perfectly-baked dishes. It's also perfect for grilling!

Avoid the use of abrasive cleaning products or scouring pads when caring for your cookware.

ALFRESCO HOME

Outdoor Gourmet
Kitchen Sectional

Outdoor Gourmet Kitchen Sectional

Custom Outdoor Gourmet Kitchen Sectional Experience

The Alfresco Home Outdoor Kitchen Sectional provides options for any outdoor chef to entertain the best way possible. With an abundant amount of configurations, build the best kitchen for your Outdoor living space.

45 Degree Wedge Spacer - The 45 Degree Wedge Spacer is essential in the creation of an L or U shape Kitchen Sectional. Apart as its function as a spacer, it can be used as extra counter space.

Refrigerator Unit - The Refrigerator Unit provides a shell of protection to your fridge unit. Constructed to provide ample ventilation.

Multi-Purpose Unit - The Multi-Purpose unit can be used as a planter, beverage cooler or a cutting board. Making this unit a versatile piece that can serve any purpose you could need.

A modular kitchen with endless possibilities. Choose the best units for your needs and available space. Constructed of high quality aluminum, durable and lightweight, makes these units easy to move. Interchange these pieces around as you see fit. Build your dream kitchen with ease.

Fornetto-Alto™ Built-In Base Model - Custom unit designed specifically for the Fornetto-Alto™ Built-In model. Adds ample storage and workspace to aid food preparation.

Work Station - There are two options for work stations available for the Outdoor Gourmet Kitchen Sectional. The first option has a large drawer with an arch opening. Providing the most space for tools and utensils, and a space below for fuel. The second option has two drawers and two doors for an enclosed storage unit for anything you might need.

Long Bar and Sink Prep Combo - This unit is the perfect preparation unit for entertainers. Providing a bar to entertain guests while dish ware and food is cleaned and prepped for cooking.

Outdoor Gourmet Kitchen Sectional Finish Options

Build the best possible Outdoor Living experience to match your current outdoor landscape with custom finish options. The Outdoor Gourmet Kitchen Sectional is available in the following finish options;

The sectional frames are available in Copper Vein or Silver Vein finish.

The sectional doors are available in Matte Black or Pewter finish.

Outdoor Gourmet Kitchen Sectional Information

Kitchen Sectional Care:

Routine cleaning may be accomplished by rinsing away dirt and debris, gently wiping with a damp, non-abrasive cloth or sponge using warm water and towel drying to prevent water spotting. If additional cleaning is necessary, mild soap can be used.

Caution - The use of solvents, abrasives, or dish soap will damage the product's finish.

Always test any cleaning solution in an inconspicuous area before applying to the entire product.

Caution - Do not place objects on the surface for any extended period of time as these can trap moisture and debris.

Caution - Do not place hot items directly on any part of the cart surface. Damage created by hot items can be minimized by cleaning and buffing, but will typically never be eliminated. This type of damage is not covered under warranty.

Caution - Take care to never let hot ash come in contact with the painted surface of the product. In addition, wet ash can become corrosive over time, so keep all surfaces free of ash debris.

Caution - Appliance and stainless steel cleaning solvents are harmful to your Alfresco Home Kitchen Sectional finish and should not come in contact with the surface at any time. Take care to spray the solvent onto a cloth and wipe only on the appliance surface.

Minimize the natural aging of your product by storing your cabinet in a dry, shaded area to reduce fading. Both vinyl and Aqualon (Marine-Grade) covers are available for many Outdoor Kitchen Sectionals.

Light or superficial scratches to the finish are likely to occur during normal use and do not affect the integrity of the product.

Limited Lifetime Warranty:

The Alfresco Home select manufacturer Challenger Designs, LLC warrants to the original consumer purchaser, for as long as they own their Cabinet, that products shall be free from defects in manufactured materials and workmanship under normal use.

To activate the warranty, the consumer must register the product within 30 days of purchase.

General Warranty Guidelines:

Should Challenger Designs, LLC product fail during applicable warranty period due to defects in manufactured materials or workmanship under normal use and in compliance with our Cleaning and Care Instructions, Challenger Designs, LLC, in its discretion, will provide the parts necessary to repair or replace the defective products.

The warranty does not cover products that are misused, abused, mishandled, improperly cleaned, improperly installed, improperly stored, changed, modified, act of God, or damages occurring from normal wear and tear. This warranty is not valid for products used for any purpose other than the purpose for which they were originally intended. This warranty does not cover the cost of installation, removal, subsequent damage or transportation of defective product, regardless of whether the work was performed by a contractor, service company, or the consumer.

Challenger Designs, LLC's finishes are premium exterior grade finishes, made to withstand harsh external conditions. Over time color changes may result from exposure to light and other elements that are part of the aging process. These material variations and changes are not covered by this warranty. Challenger Designs, LLC warrants to the original consumer purchaser that its finishes are free from defect, including flaking, peeling, cracking, or massive discoloration for a period of 3 years under normal use. Challenger will pay freight costs for the first year and 50% freight costs for years 2 to 3 in the continental U.S. and Canada.

Challenger Designs, LLC reserves the right to provide parts for repair or replacement of the defective parts and substitute any discontinued product with the most similar product in styling, finish and color available at the time the claim is submitted without the obligation to provide product to match items previously manufactured by Challenger Designs.

All parts not manufactured by Challenger Designs, LLC are warranted for the period provided by the original manufacturer. These parts typically include most accessories. Please contact Challenger for details.

This warranty is the exclusive warranty of Challenger Designs, LLC and is in lieu of all other warranties, expressed or implied. In no event shall Challenger Designs, LLC be liable for consequential, indirect or incidental damages resulting from the installation, use or failure of the product. Challenger Designs, LLC reserves the right to change or modify this warranty at any time.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

All warranty claims and issues from the Alfresco Home Outdoor Kitchen Sectional must be handled directly to manufacturer. To submit a claim under this warranty, email warranty@challengerdesignsllc.com with the completed claim form, copy of dated sales receipt as proof of purchase, a picture clearly showing the defect, and another picture showing the entire unit.
