Escutcheon Deck Plate

Model Number:

DKPL-6

DKPL-7

DKPL-10

Installation

Kitchen Sink / Bathroom Sink

1. Place the deck plate onto the mounting surface. Align the plate and make sure the unused holes are covered completely. (NOTE: make sure the supporting rubber spacer is seated properly under the deck plate.)
2. Place the faucet on the deck plate through the opening. Carefully secure the faucet and the deck plate with the supplied mounting hardware from the faucet manufacturer. Do not overtighten as it will damage both the faucet and the deck plate.

Maintenance Guide

Please follow the cleaning material manufacturer's instructions. Damage caused by improper treatment will not be covered by product warranty. In addition, pay attention to the following points:

- Regular cleaning can prevent mineral build up on faucet spout.
- Carefully read the cleaner product label to ensure the cleaner is safe for use on the material.
- Test the cleaner on a small area before using on the entire surface.
- Use a mild detergent such as liquid dishwashing soap and warm water for cleaning.
- Do not use abrasive / harsh chemical when cleaning the fixture as they will damage and dull the finish.
- When using spray cleaners, spray first onto a soft cloth or sponge. Never spray directly onto the faucet as droplets can enter openings and gaps and cause damage.
- After cleaning, rinse thoroughly with clean water to remove any cleaner residue.
