

APOLLO

LONG RANGE HD WI-FI CAMERA

The first camera that allows you to see every corner of your home, office, and property – when you're away. With long range capabilities, the APOLLO can connect to your Wi-Fi in areas where other cameras simply can't reach. Giving you a reliable, 24/7, HD look at the things that matter most. Right in the palm of your hand, from wherever you are. Receive instant mobile alerts when the camera detects sound or motion and see clearly in the dark with Advanced Night Vision. Set up the camera in 60 seconds with the Apollo App and instantly record, relive and share what your camera catches with a free 30 day Cloud Recording trial.

MORE CAMERA RANGE

High Power Technology penetrates walls and floors, allowing the APOLLO to install up to 3X further from your Wi-Fi router.

INSTANT NOTIFICATIONS

Real time motion and sound notifications let you know when something happens, even when you aren't there to see it.
