

# GOLF CART COVER

## Assembly Instructions

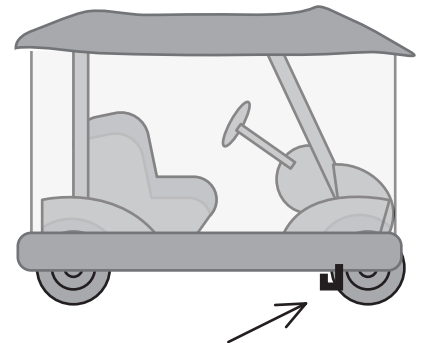

1. Take cover out of storage bag.
2. Unfold and identify the front. This is the clear panel with the **U-shaped zipper**.

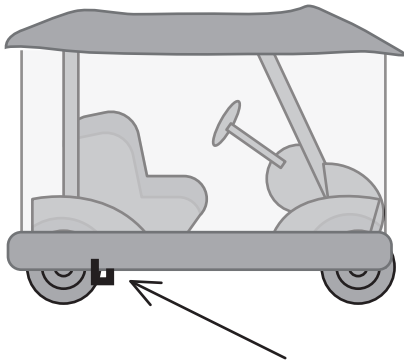

3. Place the cover on the top of the cart and drape the cover over the cart starting with the front panel. Adjust as necessary and make sure the cover is centered. Drape the sides, then the rear.

4. Secure the **(2) front hooks** (located at the bottom of the cover near the entrance zipper) to the bottom of the cart. Just behind the front tires.

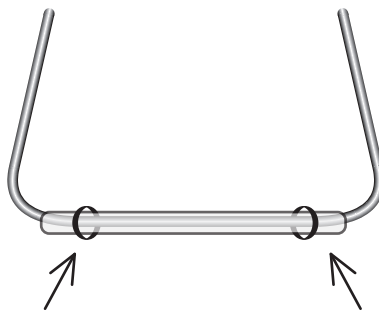

5. Secure the **(2) rear hooks** to the bottom of cart just forward of rear tires.

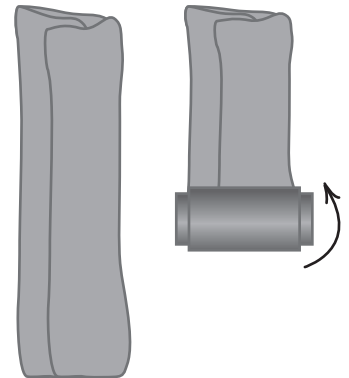

6. Your covered cart is now ready for use. Once golf bags are mounted, secure elastic rear bottom of cover under the golf bags.

6. If your golf cart has a windshield, unzip the clear front panel and secure at the bottom using the Velcro ties. This will increase your visibility.

To fold the cover up, spread the cover out on the ground. Fold the sides into the middle. Fold the whole cover in half on itself. Now roll the cover up like a bed roll and place into the carry bag.

### Care Instructions:

- Allow the cover to air dry completely if wet, before storing to avoid mold/mildew.
- The plastic windows can be cleaned with window cleaner to improve visibility if the windows become unclean.
- To keep your windows and cover in excellent condition try to fold the cover on a soft surface to avoid starches and holes.
- In the case your cover becomes dirty, rinse with water and a mild soap until clean. Allow the cover to dry as you would normally do before storing.

THANK YOU FOR YOUR PURCHASE.

WE VALUE OUR CUSTOMERS AND WANT TO BE SURE YOU ARE SATISFIED WITH YOUR PRODUCT.

IF YOU HAVE ANY QUESTIONS OR CONCERNS OR YOU ARE NOT COMPLETELY SATISFIED, PLEASE CONTACT OUR OFFICE AT 1-800-906-1639.
