## NORSKWALL™ ACCESSORIES

### THE NORSKWALL™ ADVANTAGE

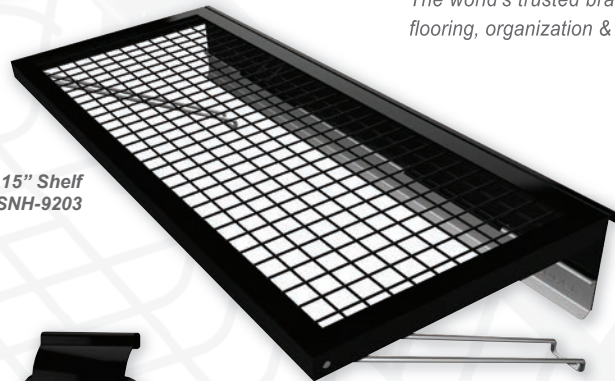

**EASE OF USE** - Our patented Kwik-Lock™ system allows each accessory to quickly lock or unlock onto each panel, allowing you to adjust to the desired position quickly and securely.

**MAXIMUM STORAGE** - NorskWall™ accessories are engineered to hold more weight than most other products. Our shelves, baskets and storage bags have more cubic feet of storage than any other product on the market giving you maximum storage in order to optimize your storage space.

**VERSATILITY** - Norsk's innovative Kwik-Lock™ accessories are the most versatile in the market, providing unlimited storage combinations. Norsk™ Storage and Utility bags can be removed from the wall and quickly transported to your car, truck, or SUV. These versatile storage bags organize your work and sports gear - bringing organization to your active lifestyle.

**AESTHETIC APPEARANCE** - Simple elegance - these words guide all Norsk™ product designs. Our goals are to create storage and organization products that are extremely utilitarian and artfully designed to simplify your lifestyle compatibility.

### WHAT IS THE KWIK-LOCK™ MECHANISM?

**How does the Kwik-Lock™ mechanism work?** Just lift the tab shown in photo A and slide the hook accessory into position. Then press the tab down as shown in photo B. The hook will gently lock into position using the Kwik-Lock clamping mechanism as shown in photo C. Once the accessory item is locked into position, it stays securely in position and will not slide or move. It's no wonder why Norsk™ is the world's most trusted brand for alternative flooring, organization, and lifestyle products.
