

DIRECTIONS:

Cleaning

General Cleaning:

Use 1/2 cup Ammonia to 1 gallon hot water for refrigerators and other appliances, sinks, bathrooms, dishes, glassware, pots and pans, garbage pails, windows, mirrors, linoleum, ceramic tile floors and venetian blinds.

For Heavy Duty Cleaning:

Use Ammonia in higher proportion or at full strength as desired.

Special Woodwork and Painted Walls:

Add 1 cup Ammonia, 1/2 cup vinegar, 1/4 cup baking soda to 1 gallon hot water.

Ovens and Broilers:

Leave dish of Ammonia in oven overnight. Spillovers wipe easily in morning.

Rugs and Upholstery:

Vacuum first. Use 2 cups Ammonia to 1 gallon warm water. Dampen sponge and work suds lightly into surface. CAUTION: Try out on small inconspicuous area to make sure color is not affected.

Laundry Use

General Laundry:

Add 1 cup Ammonia to tub of hot water. Use 1/2 the usual amount of soap or detergent.

Special Laundry:

For blankets and woolens add 1 cup of Ammonia to tub of lukewarm water. No soap or detergent needed.
