

product information

Shenzhen NEO Electronics Co., LTD

product type: Smart home

Product name: power plug

Product agreement: wifi

Wireless coverage: 45m

Radio frequency: According to different countries and regions

Power specification: 110-230V AC+/-10% , 50/60Hz

Rated current: 13A

Flame retardant grade: V-0: the sample is tested for two and 10 seconds, and the flame is extinguished within 30 seconds

working temperature:0°C ~ 40°C (32° F~104° F)

Operating humidity: 20% ~ 85% Anhydrous steam condensation

Storage temperature:0°C ~ 60°C (32° F ~140° F)

Storage humidity:0% ~ 90% Anhydrous steam condensation

Warranty: one year

Socket through international CE, FCC, ROHS authority certification, please feel free to use

Product specifications

Shenzhen NEO Electronics Co., LTD

| Specifications | size | weight | Radio frequency |
|-------------------|--------------------|--------|-----------------|
| American Standard | 43mm x 43mm x 65mm | | 908.4MHz |
| English. | | | |
| Australian Rules | | | |
| Europe | | | |
| Israel | | | 916MHz |

Note: the materials used in different areas are the same, using different frequencies according to different areas. Different styles are required. Please ask the sales staff for batch customization

1:RF characteristic

| Terms | Contents |
|---------------|---------------------------|
| specification | 9.6/40/100kbps data rates |
| mode | FSK(BFSK/GFSK) |
| Frequency | 916MHz |

2:the main performance of product

| parameter | function |
|--------------------|--|
| Wireless rotocol | wifi |
| Equipment function | Intelligent equipment for remote control of wifi |
| Rated current | 13A |
| Product function | The switch status of the linkage socket can be detected by the smart phone |

product structure

Socket plan

Shenzhen NEO Electronics Co., LTD

In order to ensure the safety of products, the socket adopts high strength, high temperature resistant flame retardant PC engineering plastics, and V0 grade is highly flame retardant.
