

# winkHUB

## SETUP INSTRUCTIONS

### 1. DOWNLOAD

The Wink app is free and available for iOS and Android. Once you've got it, create a Wink account and confirm it via email.

### 2. PLACE

Find a location for your Wink HUB that is at least 5 feet away from your Wi-Fi router. The Wink Hub has a range of up to 30 feet.

### 3. CONNECT

Open the app and tap Add a Product, then Hubs, then Wink HUB, and follow the instructions in the app.

### 4. WI-FI

When prompted, enter the Wi-Fi credentials for your network.

### 5. LIGHT STATUS

Both during its initial setup and when connecting to your Wi-Fi network, the light on your Wink HUB will let you know what's going on. See the back of this card for more information.

### 6. READY!

Now that the Wink HUB is connected, you're ready to add other products.

# winkHUB
