## Ant Dust

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**IMPORTANT:** Read entire "Directions for Use" and "Precautionary Statements" before using this product. This product is a ready-to-use insecticide dust which exhibits effective long-lasting control against the pests listed when used according to label directions. Permitted areas of use include but are not limited to: Animal Quarters, Apartments, Household Greenhouses, Houses, Mobile Homes, Recreational Vehicles and Ornamentals.

This product is intended for applications with a hand duster or from the shaker can, with a paint brush or by other suitable means, to hiding and runway areas and other places where insects are found.

Apply from shaker can or with a small paintbrush to inaccessible areas where insects are found.

#### INDOOR USE:

In living areas, make applications in such a manner as to avoid deposits on exposed surfaces or introducing the material into the air. To apply insecticide directly into cracks and crevices, use a bulbous duster or other suitable equipment. Apply lightly and uniformly to infested area. Pay particular attention to cracks and crevices, service ducts, false floors and ceilings, wall voids, around electrical and telephone fittings and equipment, around water and sewer pipes, under and behind cabinets, refrigerators and sinks; around windows and door frames; along baseboards; in attics and crawl spaces. The amount to be applied will vary with the site but should usually be in the range of 0.5 lbs. of product per 1000 square feet.

#### DO NOT SPREAD ON CARPETS

**Ants, Boxelder Bugs, Carpenter Ants, Cockroaches, Crickets, Firebrats and Silverfish:** Apply this product thoroughly to all areas where these pests crawl and hide, especially in those areas described above. For **Ants**, apply to ant trails, around doors, windows and other places where ants enter premises.

#### OUTDOOR USE:

**PERIMETER TREATMENT:** Use this product as a residual treatment for control of **Ants, Bees, Carpenter Ants, Carpenter Bees, Centipedes, Cockroaches, Crickets, Firebrats, Ground Beetles, Millipedes, Silverfish, Slugs, Sowbugs, Spiders, Ticks and Wasps.** Apply around windows and doors, porches, screens, eaves, patios, garages, under stairways, in crawl spaces and other areas where pests hide. To help prevent the invasion of buildings and structures by these pests, apply thoroughly and uniformly to the foundation and crawl spaces where pests are active and may find entrance.

#### Application Restrictions for Outdoor Use

Do not water the treated area to the point of run-off. Do not make applications during rain.

#### FIRE ANT/IMPORTED FIRE ANT MOUND TREATMENT:

Evenly sprinkle one tablespoon (appx. 1/2 oz.) of this product over the top of each mound. Do not water in or disturb the mound. Apply when temperatures are between 65° and 80°F. Allow 3 to 4 days for maximum control, then repeat application if ants are still active. Food utensils such as a teaspoon or measuring cup should not be used for food after use with pesticides.

### STORAGE AND DISPOSAL

**STORAGE:** Store product in original container in a cool, dry, locked place out of the reach of children.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable Container. Do not reuse or refill this container.

If empty: Offer for recycling if available or place in trash. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

#### FIRST AID:

##### IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes
- Call a poison control center or doctor for treatment advice.

**ENVIRONMENTAL HAZARDS:** This product is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

**Kills Up to  
8 Months**

**Kills Fire Ants  
& Carpenter Ants**

**Waterproof**
