Safety Instructions

Use Caution when handling metal parts. The metal may have sharp edges or corners. The use of protective gloves is recommended. This unit should be securely anchored to a wall with suitable fasteners, and placed on a level surface. Do not use this unit for anything that is outside the designed function of storage. **DO NOT OVERLOAD. DO NOT** store loose or heavy items on the top shelves or on the top of the unit, for they create a falling hazard that can injure yourself or others. **DO NOT** stand on or use unit as a ladder. Always remember to use proper lifting techniques when moving either the boxed or assembled unit.

**** See the reversed side for assembly instructions.**

PARTS LIST

Model Number		Description (W x D x H)	Cabinet Configuration	Door Configuration

1

#8-32 x 3/8" Bolts Qty (4)
 1/4-20 Nut #F1420N Qty (2)
 Washers #F14SW Qty (2)
 1/4-20 x 1/2" Carriage Bolt #F14205CB Qty (2)
 Hasp #9867 Qty (1)
 Handle #HNDL-PUL Qty (2)

Assemble hasp to the door with (2) 1/4-20 x 1/2" carriage bolts and nuts. Assemble (2) handles to doors with (4) #8-32 x 3/8 bolts.

2

Cabinet Bottom
 Weld Nut
 Leg Leveler #LL381678 Qty (4)

Assemble (4) leg levelers to the bottom of the cabinet. Square and level the cabinet. It is VERY important to have the front of the cabinet square and level to maintain the cabinet, and the contents within the cabinet in a balanced safe state.

3

Top Bracket
 Louvered Panels
 Bottom Bracket

Louvered panels are hung from the brackets that are welded to the cabinet back & doors. Make sure the louvers are facing upward. Edsal bins can then be hung from them. Always place the heaviest loads toward the bottom. **DO NOT OVERLOAD** or create **UNBALANCED LOADS**. Bin boxes should be attached to the cabinet before attaching them to the doors.

4

Door Shelf
 Door Assembly With Shelf
 1/4-20x1/2" Screw #F14205S Qty (2)
 1/4-20 Nut #F1420N Qty (2)
 Door

Door Shelves are assembled to the doors with the flange upward. Use (2) 1/4-20 x 1/2" slotted truss head bolts and nuts to fasten the shelves. When loading shelves, always keep the heavier loads toward the bottom and in a balanced state.

5

Full Size Shelf
 Shelf
 Push Down

Assemble the shelves to the louvers that are welded to the cabinet sides. Make sure the shelves are flush with the back of the cabinet. Always be sure to evenly distribute the weight stored on each shelf. Always keep heavier loads toward the bottom.

Safety Instructions

Use Caution when handling metal parts. The metal may have sharp edges or corners. The use of protective gloves is recommended. This unit should be securely anchored to a wall with suitable fasteners, and placed on a level surface. Do not use this unit for anything that is outside the designed function of storage. **DO NOT OVERLOAD**. **DO NOT** store loose or heavy items on the top shelves or on the top of the unit, for they create a falling hazard that can injure yourself or others. **DO NOT** stand on or use unit as a ladder. Always remember to use proper lifting techniques when moving either the boxed or assembled unit.
