

Lighted Plugs and Connectors

The Leviton line of residential plugs and connectors has been expanded with the addition of a lighted model for added convenience while in use. The green neon light within the clear body of the device indicates that power is flowing through to the cord.

Leviton Lighted Plugs and Connectors are a smart solution for a wide range of indoor applications. They are rugged, easy to wire and feature brass plug blades and connector contacts for maximum conductivity.

Features and Benefits

- Design provides fast, easy assembly
- Ideal for replacement of plugs on tools, appliances and extension cords
- Rugged PVC plug and connector resists moisture and chemicals
- Unique dimpled body provides a secure hinge grip
- Built-in cord grip adjusts automatically for use with 18-12 AWG
- For indoor use only
- NEMA 5-15P and 5-15R
- cULus, NOM
