Note: Windows are to be ordered Width x Height

## To determine your Home Depot Clearly Secure special order model number...

- Step 1)** Locate your actual window **width** and **height** using the size chart above
- Step 2)** Select a vent option: Vented (**V**) or Non-Vented (**S**)
- Step 3)** Select a block pattern: Wave (**DC**), Ice (**IC**), Diamond (**DP**), Clear (**CL**), Frosted (**FR**) or Bronze (**BZ**)  
Then, add the pattern's abbreviation after the (V) or (S)

**NOTE:** For dryer-vented windows, follow the steps above for a non-vented window and add (**DV**) after your pattern option (i.e. 3224SDCDV)

Each model number contains 7 digits except for Dryer-Vented windows which contain 9 digits

**Model # Example:**  
31" wide x 23 1/2" high Wave Vented Window = Model #3224VDC
